

Serge  
Rachmaninoff  
Foundation

# Become a friend

A singular  
place.

A living legacy.

An international  
platform.

# Our Mission

The Serge Rachmaninoff Foundation keeps one of classical music’s great legacies alive — through exceptional interpretation and performances, commissions, artistic residencies, research, education and digital access. Villa Senar, Rachmaninoff’s original home and place of creation on Lake Lucerne, is our unique artistic nucleus: not a monument, but a living place where his work is experienced, reinterpreted and carried forward.

# A Signature Moment

The Foundation’s commission of Alexander Raskatov’s orchestral version of Sergei Rachmaninoff’s Corelli Variations culminates in its world premiere in Washington on 17 February 2027. Next steps in 2027/2028/2029: National Symphony Orchestra, Tonhalle Orchestra Zurich, London Symphony Orchestra, Leipzig Gewandhaus Orchestra, Hong Kong Philharmonic Orchestra.

# WHY BECOME A FRIEND OF SERGEI?

## A rare cultural provenance

Associate your brand or philanthropy with Rachmaninoff’s living legacy at his home and place of creation — a setting no other institution can replicate.

## Switzerland at its most distinctive

Engage from Lake Lucerne, in the heart of Switzerland, and connect this intimate setting to an international network and the worldwide Rachmaninoff Community.

## Access, not mass exposure

Create memorable client and guest experiences through curated encounters, exceptional artists and small-format moments that feel personal, credible and scarce.

## Forward-looking cultural impact

Enable commissions, residencies, education, performances, research and digital access — turning stewardship of a great legacy into a visible artistic future.

---
